DISCOVER THE ISLAND OF DELOS

A SANTA MARINA EXPERIENCE

This October, Santa Marina invites you to Delos, a complimentary journey aboard a traditional kaiki to one of the most storied islands of the Aegean. Delos is a UNESCO World Heritage site: an ancient city and open-air museum steeped in history and myth. Revered as the birthplace of Apollo, god of light, it holds a timeless place at the heart of Greek culture.

Set sail from the private dock of the Santa Marina peninsula and cross the water to walk among its ruins, accompanied by a private guide who brings the island's stories to life. Your morning begins at 11:00, following breakfast, with a gentle return to Santa Marina around 15:00. On your return, linger over the afternoon at your leisure, immersed in the flavours and easy ambience of Buddha-Bar Beach or Elais Restaurant.

THE EXPERIENCE INCLUDES

A private guide on Delos
Onboard water, refreshments, and light snacks
